

R3 STEALTH

THE STEALTH IS A FINE EXAMPLE OF WHAT OUR DESIGN TEAM CAN CREATE WHEN HANDED A BRIEF.

FOR MORE INFORMATION ON OUR BESPOKE SERVICE, PLEASE GET IN TOUCH. WE'D LOVE THE OPPORTUNITY TO DESIGN SOMETHING WITH YOUR SPECIFIC NEEDS IN MIND

"THE BRIEF FOR THE STEALTH WAS PRETTY SIMPLE...TO CREATE A SPACE WITHIN THE PARAMETERS OF A SMALL GARDEN THAT WOULD EXPLOIT THE NORTHERN LIGHT.

THE SLIGHTLY UNUSUAL SHAPE OF THE GARDEN LEANT ITSELF TO SOMETHING ANGULAR AND IMMEDIATELY CONJURED UP IMAGES OF 'STEALTH' TECHNOLOGY, WHEREBY THE MULTI-ANGLED SURFACES ON AIRPLANES, BOATS AND OTHER VEHICLES MAKE THEM VIRTUALLY INVISIBLE TO ENEMY RADAR.

WITH THOSE INITIAL IDEAS IN MIND, I TOOK THE TWO-DIMENSIONAL PLAN OF THE GARDEN AND EXPANDED IT IN TO THREE DIMENSIONS. THE RESULT WAS A STUDIO WITH A SERIES OF ANGULAR SIDES, ALL OF WHICH ARE MIRRORED ON THE INSIDE BY THE SLOPING PANELLED WALLS."
